INTRODUCTORY STATEMENT

The director of the Department of Labor and Industries appointed the Washington State Apprenticeship and Training Council (WSATC) as the regulatory body responsible for developing, administering, and enforcing apprenticeship program standards (Standards) for the operation and success of apprenticeship and training programs in the State of Washington. Apprenticeship program sponsors function, administer, or relinquish authority only with the consent of the WSATC. Furthermore, only apprentices registered with the supervisor or recognized under the terms and conditions of a reciprocal agreement will be recognized by the WSATC. Parties signatory to these standards of apprenticeship declare their purpose and policy is to establish and sponsor an organized system of registered apprenticeship training and education.

These Standards are in conformity and are to be used in conjunction with the Apprenticeship Rules, chapter 296-05 WAC (Washington Administrative Code); Apprenticeship Act, chapter 49.04 RCW (Revised Code of Washington); The National Apprenticeship Act, 29 U.S.C. (United States Code) 50; Apprenticeship Programs, Title 29 Part 29 CFR (Code of Federal Regulations); and Equal Employment Opportunity in Apprenticeship and Training, Title 29 Part 30 CFR which govern employment and training in apprenticeable occupations. They are part of this apprenticeship agreement and bind all signers to compliance with all provisions of registered apprenticeship. Additional information may need to be maintained by the program sponsor that is supplemental to these apprenticeship standards. This information is for purposes of ensuring compliance with decisions of the WSATC and the apprenticeship laws identified above.

If approved by the council, such amendment/s and such changes as adopted by the council shall be binding to all parties. Program sponsors shall notify apprentices and employer training agents (if applicable) of changes when they are adopted by the council. If and when any part of these Standards becomes illegal, as pertains to federal and/or state law, that part and that part alone will become inoperative and null and void, and the Department of Labor and Industries (Department) may adopt language that will conform to applicable law. The remainder of the Standards will remain in full force and effect.

Sections of these standards identified as bold "insert text" fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of the standards are boilerplate and may only be modified by the WSATC.

See WAC 296-05-003 for the definitions necessary for use with these Standards.

Sponsor Introductory Statement (Optional): **NONE**

I. GEOGRAPHIC AREA COVERED:

Also, the WSATC may recognize and approve out-of-state apprenticeship programs and standards if certain conditions are met and the out-of-state sponsoring entity requests it (see WAC 296-05-327). Apprenticeship program sponsors will ensure compliance with the provisions of any agreement recognized by the WSATC.

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

- (c) **There are two methods by which a veteran may be granted direct entry. Entry of veterans will be done without regard to race, color, religion, national origin or sex of the applicant. Veterans may be required to take an entry examination and be interviewed as described in Section III.A.1.b(2) of these standards. Veterans must complete an application.**

Such credit will be granted in accordance with established apprenticeship rules and statements found in Section VII of these standards and must be requested by the applicant. The request for credit will be evaluated and determination made by the JAC during the initial probationary period when actual on-the-job learning and related instruction performance can be examined. Consideration will also be given for previous work, training/education record and evaluation of the apprentices' performance skill and knowledge demonstrated during the initial probationary period.**
 - 2) **Veterans that have completed military service and have not completed military technical school in a recognized apprenticeship occupation may be granted direct entry. The JAC may give veterans special consideration for entry into the apprenticeship program.**

B. Equal Employment Opportunity Plan:

In order to allow positive recruitment and full utilization of minorities and women in the apprenticeship program, the JAC pledges to the procedures and methods covered in this section.

The JAC pledges to engage in various outreach and positive recruitment activities by employing the following approach:

- 1. **Thirty days in advance of a recruitment, the JAC will send to community outreach organizations and facilities, which can assist in securing, qualified**

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

minority and female applicants, throughout the area for which a need for apprentices has been identified as described in Section III.A.1.b.(1)(a).

2. **In addition to the notifications to minority group and female referral organizations, the JAC will cause to be notified thirty (30) days in advance of recruitment the following:**
 - a. **The Department of Labor Apprenticeship and Training Office and the State Apprenticeship Council (SAC) (if applicable) representatives serving the program.**
 - b. **WorkSource offices.**
 - c. **Newspapers which are circulated in the minority community and among women.**
3. **Announcement of apprenticeship opportunities and information concerning signatory contractors operating within the outreach organizations' geographical area.**
4. **Participating in existing outreach programs whose focus is the recruitment and preparation of minority and female apprenticeship applicants.**
5. **For those contractors seeking to employ apprentices on projects covered by a regulatory agency set aside, selection may be made outside of tier order if necessary to meet the goals and timetables established for apprentices by the contracting agency bid specifications for affirmative action purposes. A copy of the bid specifications dealing with the set aside shall be submitted and retained by the committee.**

Discrimination Complaints.

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint (WAC 296-05-443).

IV. TERM OF APPRENTICESHIP:

The minimum term of apprenticeship must not be less than 2000 hours of reasonably continuous employment in each occupation identified in these Standards. The term of apprenticeship must be stated in hours of employment [WAC 296-05-316(1)].

The term of apprenticeship shall consist of four (4) years with a minimum OJT attainment of 6800 hours.

V. INITIAL PROBATIONARY PERIOD:

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

All apprentices are subject to an initial probationary period, stated in hours or months of employment for which they receive full credit toward completion of apprenticeship. Advance credit/standing will not reduce the initial probationary period. The initial probationary period [WAC 296-05-316(22)]:

1. Is the period following the apprentice's registration into the program and during which the apprentice's appeal rights are impaired. The initial probation must not exceed twenty percent (20%) of the term of apprenticeship or one year from date of registration, unless an exemption by the WSATC has been granted for longer probationary periods as specified by Civil Service or law.
2. Is the period that the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The sponsor or the apprentice of the apprenticeship agreement may terminate the agreement without a hearing or stated cause. An appeal process is available to apprentices who have completed the initial probationary period.

The probationary period shall be a period totaling six (6) months within the aggregated period of not more than nine (9) months of on the job training (employment as an apprentice).

Probationary apprentices shall advance from the fifty (50) percent wage rate to the first year apprentice's wage upon completion of six (6) months in the elevator industry provided such probationary apprentices have worked a minimum of one hundred (100) hours in each thirty (30) day period during the six (6) months. A month shall be deemed worked when the probationary apprentice completes one hundred (100) hours in any thirty (30) day period.

The records for each probationary apprentice shall be reviewed prior to the end of the probationary period. Records shall consist of periodic reports from the apprentice's employer or employers, a complete record of attendance and grades in related instruction, and any disciplinary action taken during the probationary period. Any probationary apprentice considered to be unsatisfactory after a review of the probationary records shall his or her Apprenticeship Agreement canceled before the expiration of the probationary period, and the Registration Agency will be so notified.

Each probationary apprentice evaluated as satisfactory after a review of the probationary records shall be given full credit for the probationary period and continued in the program.

VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS:

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

Supervision is the necessary education, assistance, and control provided by a journey-level employee that is on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. The sponsor will assure that apprentices are under the supervision of competent and qualified journey-level workers on the job who are responsible for the work being performed, to ensure safety and training in all phases of the work. Apprentices will work the same hours as journey-level workers, EXCEPT where such hours may interfere with related/supplemental instruction [WAC 296-05-316(5)].

A. The ratio of apprentice to journey-level worker shall not exceed one (1) apprentice to one (1) journey-level worker regularly employed on the jobsite. The employer, or the person designated by the employer such as the superintendent, foreman, or mechanic, shall be responsible for the training of the apprentice on the job. Apprentices shall be under the general supervision of the employer and under the direct supervision of the mechanic to whom they are assigned.

B. Exceptions: (Approved July 17, 2014)

- 1. On jobsites where 2 teams or more are working (a team is defined as one apprentice and one journey level worker); One extra apprentice may be employed for the first two teams and one extra apprentice for each additional three teams.**
- 2. Contract Service Work: An apprentice in the second, third, or fourth year (excludes initial probationary apprentices and those who have not completed the full first year of RSI training) may work alone under the general supervision of a journey level worker in his or her assigned district provided the apprentice is met on the first job daily. The apprentice shall notify the office and/or journey level worker when changing jobs and at the completion of the workday. (The word "district" means the regular contract service route of the mechanic or mechanics to which the apprentice has been assigned that day.)**

While working alone, the apprentice shall perform only oiling, cleaning, greasing, painting, replacing of combplate teeth, relamping and fixture maintenance, the inspection, cleaning and lubrication of hoistway doors, car tops, bottoms, and pits, observing operation of equipment and at no time when working alone shall the apprentice perform any other work or function normally performed by journey level workers.

The regular work week shall be Monday - Friday, each consisting of eight (8) consecutive work hours (with an unpaid lunch period) between 6 A.M. and 6 P.M.

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

The apprentice will be paid a progressively increasing schedule of wages based on specified percentages of journey-level wage consistent with skills acquired [WAC 296-05-316(27)]. These may be indicated in hours or monthly periods set by the sponsor. The entry wage will not be less than the minimum wage prescribed by the Fair Labor Standards Act, where applicable, unless a higher wage is required by other applicable federal law, state law, respective regulations, or by collective bargaining agreement.

The sponsor may accelerate, by an evaluation process, the advancement of apprentices who demonstrate abilities and mastery of the occupation to the level for which they are qualified. When the apprentice is granted advanced standing the sponsor must notify the employer/training agent of the appropriate wage per the wage progression schedule specified in these Standards.

Step	Number of hours/months	Percentage of journey-level rate	Remarks
1	Probationary Apprentice (6-9 months): 50% of Mechanic's rate.	50%	Probationary Apprentice
2	First Year Apprentice (upon completion of, and including the hours accrued in, the probationary period through 1700 hours): 55% of Mechanic's Rate, plus fringe benefits as provided by the collective bargaining agreement	55%	1st year Apprentice
3	Second year apprentice, (1700-3400 hours): 65% of Mechanic's Rate, plus fringe benefits as provided by the collective bargaining agreement	65%	2nd year Apprentice
4	Third Year Apprentice, (3400-5100 hours): 70% of Mechanic's Rate, plus fringe benefits as provided by the collective bargaining agreement	70%	3rd year Apprentice
5	Fourth Year Apprentice, (5100-6800 hours): 80% of Mechanic's Rate, plus fringe benefits as provided by the collective bargaining agreement	80%	4th year Apprentice

INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM

Fringe benefits are not paid to apprentices in their probationary period as defined in these standards (Section V).

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

VIII. WORK PROCESSES:

The apprentice shall receive on the job instruction and experience as is necessary to become a qualified journey-level worker versed in the theory and practice of the occupation covered by these Standards. The following is a condensed schedule of work experience, which every apprentice shall follow as closely as conditions will permit.

Employers/training agents shall only use registered apprentices to perform the work processes as stated in this section. [WAC 296-05-303(5)(f)]

IX. RELATED/SUPPLEMENTAL INSTRUCTION:

The apprentice must attend related/supplemental instruction (RSI). Time spent in related/supplemental instruction shall not be considered as hours of work and the apprentice is not required to be paid for time spent in related/supplemental instruction.

The sponsor and training agent must provide for instruction of the apprentice during the related/supplemental instruction in safe and healthful work practices in compliance with the Washington Industrial Safety and Health Act, and applicable federal and state regulations.

Clock hours of actual attendance by the apprentice in related/supplemental instruction classes at the community/technical college or other approved training locations shall be reported to the Department on a quarterly basis. Such reports will clearly identify paid versus unpaid and supervised versus unsupervised RSI time for industrial insurance purposes.

For industrial insurance purposes, the WSATC will be considered as the employer should any supervised apprentice, not being paid to attend RSI, sustain an injury while participating in related/supplemental classroom activity, or other directly related activity outside the classroom. The activities must be at the direction of the instructor.

In case of failure on the part of any apprentice to fulfill the obligation to attend RSI, the sponsor has authority to take disciplinary action (see Administrative/Disciplinary Procedures section).

The methods of related/supplemental training must consist of one or more of the following (please indicate by checking those that apply):

- Supervised field trips
- Approved training seminars (specify)
- A combination of home study and approved correspondence courses (specify):
NEIEP Distance Learning Classes.
- State Community/Technical college
- Private Technical/Vocational college
- Training trust: **National Elevator Industry Educational Program**
- Other (specify):

144 Minimum RSI hours per year defined per the following (see WAC 296-05-316(6)):

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

- (X) twelve-month period from date of registration.*
- () defined twelve-month school year: (insert month) through (insert month).
- () two-thousand hours of on the job training.

**If no selection is indicated above, the WSATC will define RSI hours per twelve-month period from date of registration.*

Additional Information:

A related/supplemental instruction school year is defined by the committee as being September to September.

X. ADMINISTRATIVE/DISCIPLINARY PROCEDURES:

Sponsors may include in this section requirements and expectations of the apprentices and training agents and an explanation of disciplinary actions that may be imposed for noncompliance. The sponsor has the following disciplinary procedures that they may impose: Disciplinary Probation, Suspension, or Cancellation.

Disciplinary Probation: A time assessed when the apprentice's progress is not satisfactory. During this time the program sponsor may withhold periodic wage advancements, suspend or cancel the apprenticeship agreement, or take further disciplinary action. A disciplinary probation may only be assessed after the initial probation is completed. During the disciplinary probation, the apprentice has the right to file an appeal of the sponsor's action with the WSATC (as described in WAC 296-05-009).

Suspension: A suspension is a temporary interruption in progress of an individual's apprenticeship program that may result in the cancellation of the Apprenticeship Agreement. Could include temporarily not being allowed to work, go to school or take part in any activity related to the Apprenticeship Program until such time as the sponsor takes further action.

Cancellation: Refers to the termination of an apprenticeship agreement at the request of the apprentice, supervisor, or sponsor. [as described in WAC 296-05-316(22)].

A. General Procedures

- 1. The JAC may take disciplinary action against any apprentice or employer for failure to comply with the apprenticeship agreement or the apprenticeship standards.**
- 2. Before invoking disciplinary action the JAC will notify the apprentice or the employer of the infraction and provide a reasonable opportunity for correction action.**

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

3. **Disciplinary action may include postponement of wage advancement, requirement to repeat all or a portion of related training (for apprentices) or temporary removal of the apprentice from the job, causing loss of employment. It may also include suspension, cancellation or termination of the apprenticeship agreement and removal of the apprenticeship program. Such action will occur only after due notice to the apprentice, once initial probationary period is completed, and with opportunity for corrective action. Removal by the JAC shall cancel the classification of the apprentice and thus the opportunity to complete the training.**

4. **Records of all disciplinary actions shall be maintained by the JAC. The registration agency shall be notified whenever a disciplinary action results in the suspension, cancellation or termination of an apprenticeship agreement and causes thereof.**

Policies and Procedures**

WELCOME TO APPRENTICESHIP TRAINING

The J.A.T.C. is responsible for the development and administration of your Apprenticeship training. Each Apprentice shall be under the guidance and direction of this Committee.

Each Apprentice is required to follow certain rules and regulations, detailed in this document, for on-the-job training (OJT) as well as related classroom training (RT) or distance learning instruction in order to complete the training program. Failure to follow these policies and procedures may result in the Apprentice being dropped from the program.

COMMITTEE COMPOSITION & OPERATION

 - a. **Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment/training;**
 - b. **Submission or rejection of such conduct by an individual is used as a basis for employment/training decisions affecting the individual, or**
 - c. **Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating hostile or offensive working or training environment.**

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -

These include, but are not limited to, posting flyers, placing yard signs, working on phone banks, mailings, and collecting funds.

APPRENTICE RESPONSIBILITIES

XI. COMMITTEE – RESPONSIBILITIES AND COMPOSITION

NOTE: The following is an overview of the requirements associated with administering an apprenticeship committee and/or program. These provisions are to be used with the corresponding RCW and/or WAC.

The sponsor is the policymaking and administrative body responsible for the operation and success of this apprenticeship program. A committee is responsible for the day-to-day operations of the apprenticeship program and they must be knowledgeable in the process of apprenticeship and/or the application of chapter 49.04 RCW and chapter 296-05 WAC. Sponsors must develop procedures for:

A. Committee Operations (WAC 296-05-316): (Not applicable for Plant Programs)
Convene meetings at least three times per year of the program sponsor and apprenticeship committee attended by a quorum of committee members as defined in the approved Standards. If the committee does not indicate its definition of quorum, the interpretation will be “50% plus 1” of the approved committee members. Conference call meetings may be conducted in lieu of regular meetings but must not exceed the number of attended meetings and no disciplinary action can be taken during conference call meetings.

B. Program Operations (Chapter 296-05 WAC - Part C & D):

1. The program sponsor will record and maintain records pertaining to the administration of the apprenticeship program and make them available to the WSATC or Department on request.

Records required by WAC 296-05-400 through 455 (see Part D of chapter 296-05 WAC) will be maintained for five (5) years; all other records will be maintained for three (3) years.

2. The sponsor will submit to the Department through the assigned state apprenticeship consultant the following list:

The apprenticeship program manager may administratively approve requests for revisions in the following areas of the Standards:
- Program name
 - Sponsor’s introductory statement (if applicable)
 - Section III: Conduct of Program Under Washington Equal Employment Opportunity Plan
 - Section VII: Apprentice Wages and Wage Progression
 - Section IX: Related/Supplemental Instruction

 - Section XII: Subcommittees
 - Section XIII: Training Director/Coordinator
4. The sponsor will utilize competent instructors as defined in WAC 296-05-003 for related/supplemental instruction. Furthermore, the sponsor will ensure each instructor has training in teaching techniques and adult learning styles, which may occur before or within one year after the apprenticeship instructor has started to provide instruction.

C. Management of Apprentices:

1. Each apprentice (and, if under 18 years of age, the parent or guardian) will sign an apprenticeship agreement with the sponsor, who will then register the agreement, with the Department before the apprentice attends the related/supplemental instruction classes, or within the first 30 days of employment as an apprentice. For the purposes of industrial insurance coverage and prevailing wage exemption under RCW 39.12.021, the effective date of registration will be the date the agreement is received by the Department.

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

The Department must be notified within 30 days of program approval, of all requests for disposition or modification of agreements, with a copy of the minutes approving the changes, which may be:

- Certificate of completion
 - Additional credit
 - Suspension (i.e. military service or other)
 - Reinstatement
 - Cancellation and/or
 - Corrections
2. Rotate apprentices in the various processes of the skilled occupation to ensure the apprentice is trained to be a competent journey-level worker.
 3. Periodically review and evaluate apprentices before advancement to the apprentice's next wage progression period. The evidence of such advancement will be the record of the apprentice's progress on the job and during related/supplemental instruction.
 4. The sponsor has the obligation and responsibility to provide, insofar as possible, continuous employment for all apprentices in the program. The sponsor may arrange to transfer an apprentice from one training agent to another or to another sponsor when the sponsor is unable to provide reasonably continuous employment, or they are unable to provide apprentices the diversity of experience necessary for training and experience in the various work processes as stated in these Standards. The new sponsor or training agent will assume all the terms and conditions of these Standards. If, for any reason, a layoff of an apprentice occurs, the apprenticeship agreement will remain in effect unless canceled by the sponsor.
 5. An apprentice who is unable to perform the on-the-job portion of apprenticeship training may, if the apprentice so requests and the sponsor approves, participate in related/supplemental instruction, subject to the apprentice obtaining and providing to the sponsor written requested document/s for such participation. However, time spent will not be applied toward the on-the-job portion of apprenticeship training.
 6. Hear and adjust all complaints of violations of apprenticeship agreements.
 7. Upon successful completion of apprenticeship, as provided in these Standards, and passing the examination that the sponsor may require, the sponsor will recommend that the WSATC award a Certificate of Completion of Apprenticeship. The program will make an official presentation to the apprentice that has successfully completed his/her term of apprenticeship.

D. Training Agent Management:

**INTERNATIONAL UNION OF ELEVATOR CONSTRUCTORS, LOCAL 19 -
NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM**

1. Offer training opportunities on an equal basis to all employers and apprentices. Grant equal treatment and opportunity for all apprentices through reasonable working and training conditions and apply those conditions to all apprentices uniformly. Provide training at a cost equivalent to that incurred by currently participating employers and apprentices. Not require an employer to sign a collective bargaining agreement as a condition of participation.
2. Determine the adequacy of an employer to furnish proper on-the-job training in accordance with the provisions of these Standards. Require all employers requesting approved training agent status to complete an approved training agent agreement and comply with all federal and state apprenticeship laws and the appropriate apprenticeship Standards.
3. Submit approved training agent agreements to the Department with a copy of the agreement and/or the list of approved training agents within thirty days of committee approval. Submit rescinded approved training agent agreements and/or the list of approved training agents to the Department within thirty days of said action.

E. Composition of Committee: (see WAC 296-05-313)

Apprenticeship committees must be composed of an equal number of management and non-management representatives composed of at least four members but no more than twelve. If the committee does not indicate its definition of a quorum, the interpretation will be "50% plus 1" of the approved committee members.

Apprenticeship committees shall elect a chairperson and a secretary who shall be from opposite interest groups, i.e., chairperson-employers; secretary-employees, or vice versa; EXCEPT, this does not apply where the Registration Agency represents the apprentice(s).

For plant programs the WSATC or the Department designee will act as the employee representative.

Quorum: A quorum for the transaction of business must consist of at least two (2) employer and two (2) employee representatives.

Program type administered by the committee: **Group Joint**
